- Object-Oriented Programming (Java, C#, Python)
- Database Design & Management (SQL)
- Web Development (HTML, CSS, JavaScript)
- Systems Analysis & Design
- IT Project Management.
- Enterprise Systems

National Senior Certificate | Bryanston High School

Graduated 2023

Subjects:

- Core Mathematics
- English
- Afrikaans
- Physical Sciences
- Accounting
- Computer Applications Technology

Skills & Abilities

Programming Languages

- JavaScript
- C#
- Python
- HTML5
- CSS3
- React
- SQL

Technical Skills

- Software Development
- Web Development
- Currently completing SAP course
- Database Management
- Advanced Excel

Interpersonal Skills

- Working collaboratively
- Problem solving
- Curiosity and willingness to learn
- Resilience
- High work standards and accountability

Projects

Personalized Website | Web Developer

- Designed and created a personalized and responsive website for a tech store selling various items.
- Backend JavaScript features to handle various tasks such as searching and comparing products and creating a dynamic website experience.
- HTML and CSS frontend architectures to create a visibly attractive yet intuitive website.

Student Database System | Database Designer

- Modelled and implemented a normalized relational database for a library and student management system using SQL.
- Created Entity-Relationship Diagrams (ERD) and wrote complex queries for book tracking, student management, and summary reports.
- Focused on data integrity and efficient query performance.
- Created a GUI to perform CRUD functions using a C# windows application.

Experiences

Factorie | Holiday Sales Associate

November 2025- January 2026

- Leveraged product knowledge to assist customers with clothing purchases
- Increased sales during the Holiday period
- Managed point-of-sale systems and inventory tracking software.
- Enhanced customer service, teamwork, and time management abilities.

Belgium Campus | Tutor

January 2025 – December 2025

- Offered one on one tutoring services to students through the Belgium Campus Peer tutoring program
- Helped students fill gaps in their coding knowledge with C#, JavaScript, HTML, CSS and SQL
- Helped prepare students for upcoming exams by completing practice tests with them

Achievements

- Bursary for second year of study due to academic excellence
- Silver certificate in CAT Olympiad
- Participated in Deloitte Vac Young Executive Program
- Academic and sports half colours
- Cricket and Hockey captain
